 Ecole Parkside School
 please arrive 15 minutes early for sign-in & refreshments

ABOUT THIS LEARNING OPPORTUNITY

Le programme de mathématiques nous offre l'occasion de vraiment explorer les différentes branches de cette discipline. Il y a maintenant amplement de temps pour permettre aux élèves de découvrir, de manipuler et de développer une compréhension conceptuelle solide des concepts. Les outils de manipulation vous seront précieux afin d'orchestrer des activités riches. Venez les découvrir et approfondir vos connaissances à ce sujet.

ABOUT THE FACILITATORS:

Renée Michaud est présentement consultante en mathématiques auprès du Consortium provincial francophone. Elle offre des formations partout en province en français. Renée est la créatrice du Dictionnaire des objets de manipulation accessible à www.cfpfp.ab.ca.

(FOIP Release) By submission of this form, participants should understand that their names and online comments will be included in the archived sessions. Names will also be included in a participants' group list, as compiled by NRLC, available to the presenter (s) and or participants of this workshop.
